you can see some of my work in the 2000 and 1999 D&AD annuals, www.animationandtypographics.com.

i am experienced in conducting meetings with clients, taking ideas from concept through to print, project managing intranet sites from concept through to launch, briefing and working with photographers, copywriters and designers.

from time to time i eat, sleep, dream and play with bbedit, fireworks, html, browsers, open source, indesign, fontographer, photoshop, freehand, illustrator, quark xpress, word, excel, powerpoint, quake III, unreal, flash and occasionally pc's.

i am quite short, obsessed with footwear, a member of D&AD, a fan of buffy and angel, not so scared of wasps, falling in love with barcelona, reading both adult and children's books, enjoying comics, from norfolk, slightly into magenta, in awe of saul bass and perfecting my mullet.
